\$14,500 – \$17,750

WHAT HAPPENS NEXT

- We call you shortly to set up the free on-site estimate.
- The estimator comes out within 3 business days, walks the line and checks the grade and the soil.
- You get a firm quote after the visit; the crew is on site about 14 days after you sign.
- Timing you gave: within 3 months.

NOTES

Offerandum demo data and rates. Sample document for the guide; this is not an order.

TERMS

Prices include materials, labor and standard footings; sales tax not included. The materials list and the cost are estimates, not an offer to contract; the firm price is set after the free on-site measurement. Permit and HOA approval, where required, are the owner's responsibility unless agreed otherwise.
